

REEVA SETHI HERITAGE

The Wentworth Wingback Chair

The Wentworth Wingback Chair is a traditional English wingback armchair after the 18th-century fireside chairs of Georgian manor houses, with a tall back, enveloping wings, scrolled arms and hand-applied brass nailhead trim. Handcrafted in solid mahogany with a high-density foam seat and blue herringbone upholstery, it is an heirloom reading chair for libraries, studies and living rooms, made by Reeva Sethi Home of Saratoga, California.
